CONTEMPORARY
COLLECTION

Add luxury and textural interest to your rooms with Lincrusta's stunning range of contemporary patterns.

Our experts have spent hours in the archives, pored over the works of British design icons throughout the ages and taken inspiration from the natural world, to ensure that each addition to the Lincrusta family merits its place alongside the classics.

Combining current trends with themes from our rich 140-year history, this covetable collection has been created to work in a variety of stylish settings – both commercial and residential – and features contemporary florals and timeless repeats.

A collaboration with revered wallpaper designer Karen Beauchamp has resulted in a duo of designs, Trellis – a modern day geometric inspired by exquisite 18th Century cabinetry and the wonderfully calming Palm. Paired together, the lattice work is reminiscent of architectural structures in gardens.

Continuing the organic foliage theme is the exotic Tropical Leaf, while Fanfare takes influence from the Art Deco movement and can be adapted to sit as a subtle accompaniment to existing themes or to make a bold statement on its own.

Manufactured in Britain using the finest natural ingredients, each deeply embossed design is your blank canvas, and as with all Lincrusta wallcoverings, can be dramatically enhanced using colour and paint effects to create a truly bespoke space.

All you need to decide is how fabulous you want your walls to look.
